

California Water Plan Update 2013 Errata

The following corrections have been made since the release of Update 2013. Please note that the printed or online versions may have not been corrected.

- **Global**

1. The Water Plan Glossary has been updated, adding the term "**Crop Applied Water**."
2. Any reference in the Water Plan to the *Drinking Water Program of CDPH* should read **Division of Drinking Water of SWRCB**.

- **Volume 1**

1. In the printed and online versions, Volume 1, Chapter 3, [page 3-31](#), 3rd paragraph, 4th sentence should read, "*Statewide summaries of the detailed water supplies and applied water uses, 1998 through 2010, are presented in Volume 5, Technical Guide.*"
2. In the printed copy of Volume 1, Chapter 3, [Figure 3-10](#), Note 1 regarding recycled water, should read, "*For water years 2001-2010, recycled municipal water varied from 0.2 to 0.7 MAF of the water supply.*"
3. Volume 1, Chapter 3, [Table 3-2](#) is incorrectly titled. The correct title is "*Table 3-2, California Hydrologic Water Balance Summary, 2001-2010 (maf).*"
4. Volume 1, Chapter 3, [Table 3-2](#) has been updated with correct "Change in Supply – Groundwater" numbers. You can find the correct table [here](#).
5. Volume 1, Chapter 3, Figure 3-28, Energy Use Related to Water has been corrected. A new version of the Water-Energy pie diagram is [here](#). You can also refer to the [Water-Energy website](#) (statewide) for more information.

- **Volume 2**

1. In the San Francisco Bay Regional Report, the following note was cut off on Table SFB-14, page SFB-74, "*Note: Table reflects the plans that were received by August, 2012. Plans that were not reviewed as part of the CWP Update 2013, as they were received after the initial assessment period, include GWMPs completed by the following agencies: City of San Bruno – South Westside Basin GWMP (2012); SCVWD GWMP (2013); EBMUD – South East Bay Plain GWMP (2013).*"
2. In the San Joaquin River Regional Report, Figure SJR-11 on page SJR-42 has an error in the title and the legend. The title incorrectly lists the units in millions, whereas, the title should read, "*...Billions of Dollars.*" The legend incorrectly lists the counties, the legend should list the following counties: Fresno County, Madera County, Merced County, San Joaquin County, and Stanislaus County, in that order.
3. In the [Colorado River Regional Report](#), page CR-16, first paragraph, incorrectly states, "*In 2017, the end of mitigation deliveries . . .*". Mitigation deliveries continue through 2017 in the amount of 150,000 AF, so this sentence should read "*In 2018, the end of mitigation deliveries. . .*".
4. In the Tulare Lake Regional Report, [Figure TL-10](#) Total Agricultural Applied Water Supply Source is missing the legend. You can find the figure with the legend [here](#).
5. Hydrologic Region Water Balance Summary Tables (NC-12, SFB-10, CC-18, SC-16, SR-13, SJR-19, TL-23, SL-10, MC-24) "Change in Supply – Groundwater" data for water years 2001-2005 are incorrect. The updated numbers can be found in the Technical Guide Water Portfolio section file [Data for Volume 1, Table 3-2, and Regional Reports Hydrologic Water Balance Summary Tables](#).

- **Volume 3**

1. Agricultural Water Use Efficiency RMS, page 2-7, second paragraph had an error in the 2010 crop applied water. It has been corrected and resulting information in the paragraph clarified. The online chapter is updated, please, find a [corrected page 2-7](#) here.
